YOUR WEEKLY ASTROLOGICAL FORECAST

Forecast for the week beginning June 29, 2025
BY MAGI HELENA

ARIES (March 21-April 19): Balance energy with restraint to make the most of the current atmosphere. Get moving with some exercise, but ease off the drama. Stay close to loved ones, nurture calm vibes, and make peace where it's needed.

TAURUS (April 20-May 20): Keep the lighthearted vibe alive, even if surprises pop up. You won't always get your way, but don't let it dim your mood. Your playful charm might catch someone's eye and spark meaningful moments with a loved one.

GEMINI (May 21-June 20): Listen more, lead less. Ask thoughtful questions instead of steering the conversation. Take in others' insights and tighten your budget to avoid indulgent spending. Pursuing desires or creative dreams may carry hidden costs.

CANCER (June 21-July 22): Shine through constructive action. Channel your competitive or athletic side this week and burn off extra energy while showing true sportsmanship. New friendships and passions bring color to your life and clarify what truly matters.

LEO (July 23-Aug. 22): Your calm presence can ground partners focused on business trends or material success—even if you share their interests. Use your drive and initiative this week but avoid arguments to keep momentum strong.

VIRGO (Aug. 23-Sept. 22): Break the mold: challenge outdated norms and dive into thrilling experiences. You're ready to take charge, trading routine for adventure. Just be cautious—don't let excitement push you into risky spending on a hobby.

LIBRA (Sept. 23-Oct. 22): Prove your worth without stepping on toes this week. Let your sincerity shine through action, favoring teamwork over rivalry. Hard work and collaboration will help you stand out; diplomacy can help keep the peace.

SCORPIO (Oct. 23-Nov. 21): Embrace change with care this week if your job or work is involved. Shaking things up could bring exciting results, but irreversible shifts might upset the original balance. Move forward when you have clarity.

SAGITTARIUS (Nov. 22-Dec. 21): Temper your expectations early in the week. Offering small favors to friends is fine, but large requests or major expenses could raise concerns. Avoid financial commitments or signing contracts for now.

CAPRICORN (Dec. 22-Jan. 19): Avoid sparking debate. Focus on being open-minded, not argumentative. Strong opinions—especially political ones—might attract unwanted attention at family gatherings. Stay positive and inclusive with friends.

AQUARIUS (Jan. 20-Feb. 18): Stay practical, even when passions pull at you. Focus on essentials and set aside fleeting desires. Consider whether to ask for help or small favors but today is not the time to launch major financial plans or ventures.

PISCES (Feb. 19-March 20): Clarify your financial position as the week begins. A money matter may surface, tempting you to take risks or act on impulse. Don't face an impasse alone—reach out to a trusted friend for valuable advice.

IF JUNE 29 IS YOUR BIRTHDAY: Balance ambition and happiness from mid- to late-July, when luck and lasting opportunities may be within reach. This could be a great time to form meaningful connections with those who truly support you. Your increased drive and persistence make it a potential time for launching moneymaking projects. In early August, prioritize rest and self-care to avoid burnout. In September, consider hands-on learning to gain experience—you could earn a better position with added knowledge. October may not favor business, but it could be suitable for vacations or developing creative projects. Don't launch anything then, social networking and major financial decisions could be risky, greed may cloud judgment. Focus on low-key activities and delay financial ventures. November holds strong potential for progress, with high energy levels—just avoid too many distractions from social events or friends.
