Guest (Chloe Sevigny, above), the scorned women do everything in their power to ruin the writer's life as an act of revenge.

Wednesday

Family Guy

Fox 9:30 p.m. Wednesdays are better now

that Seth MacFarlane's insane animated comedy has moved to its new night. Life in Quahog, Rhode Island, is a mass of montages, cultural callbacks and a wonderfully insensitive look at family life with the occasional musical stanza.

Prison Brides

Lifetime 9:35 p.m. Traveling from far and wide, this series follows as women leave their homes — some visiting the United States for the first time — to come and meet their prisoner fiancés, husbands or partners, grappling with their decision to risk it all for true love.

Resident Alien

Syfy 10 p.m. Love on other planets takes on very different forms. Harry (Alan Tudyk) is fascinated by his neighbors and patients. But with his cover threatened by outsiders, he needs to assimilate sooner than later in all aspects of human existence. Even love.

Judge Steve Harvey

ABC 10 p.m. Equal parts hilarious and honest, Judge Steve Harvey's also rich in common sense. And in his courtroom, that's far more important than any old law degree. Harvey welcomes a variety of conflicts and characters to the court, helping to settle guests' cases.

Thursday

Grey's Anatomy

ABC 9 p.m. She's back! Even though she

departed as a series regular last season, Dr. Meredith Grey (Ellen Pompeo) must have left something in her desk as she returns in this Season 20 premiere. Drs. Bailey (Chandra Wilson) and Marsh (Scott Speedman) return.

Theresa Caputo: Raising Spirits

Lifetime 9 p.m. To celebrate over a decade of touring, medium Theresa Caputo has set off to the United Kingdom, where she plans to explore the next phase of her personal life. She embarks on an international tour.

Elsbeth

CBS 10 p.m. Elsbeth (Carrie Preston) left her successful legal career in Chicago to take a new investigative role with the NYPD and its star, Captain C.W. Wagner (Wendell Pierce). Can they learn to appreciate Elsbeth's insightful and offbeat ability to solve crimes?

Undercover: Caught on Tape

A&E 10:05 p.m. Sharing the real-life stories of undercover cops, this series finale spotlights Bergen County Detective Carlos James, who experiences his first shootout during his last day on the job, and an ATF agent posing as a hit woman to investigate a murder.

Friday

BMF

STARZ 8 p.m. With a quickly expanding business and family matters to attend to, Detroit-based brothers Meech (Demetrius Flenory Jr.) and Terry (Da'Vinchi) find themselves instrumental in a multi-state drug and money laundering scheme. How will they balance it all?

Great Performances at the Met

PBS 9 p.m. The most widely performed new opera of the last 20 years, American composer Jake Heggie's "Dead Man Walking" features mezzo-soprano Joyce DiDonato as Sister Helen Prejean as she fights for the soul of death-row inmate Joseph De Rocher (Ryan McKinny).

Fire Country

CBS 9 p.m. For Bode Donovan (Max Thieriot), a convict looking to redeem himself for throwing his all-American life away, when there's smoke, there's fire. As part of the prison release fire-fighting program in Northern California, Bode tries to make a new start.

My Lottery Dream Home

Totally Funny Animals

CW 9:30 p.m. It has put men on the moon and cured diseases, but technology finds its sweet spot when people capture animals doing outrageous things on camera. From cats climbing the walls to raccoons reconsidering their living arrangements, it's a countdown to laughs.

By Scott Hogan and Katie Hale

Puzzle edited by Will Shortz

Katie Hale, of London, is a freelance crossword editor. Her co-constructor, Scott Hogan, is a patent attorney from Midland, Michigan. This is their second Sunday collaboration for The Times. This puzzle’s genesis is owed to Scott’s wife, Edith, a podiatrist who came home one day with the joke you see at 120-Across.

YOUR STARS THIS WEEK

Forecast for the week beginning March 10, 2024
BY STELLA WILDER

The coming week is likely to present an odd, even unsettling mixture of moments that range from the routine to the unusual, from the dull to the exciting. Emotions are no doubt going to run the gamut this week, putting each individual through more than might be expected even during remarkable times, and all must be willing to take what comes with strength and resolve — or be ready to give up simply to avoid being put through the wringer. Those who are likely to be most surprised this week are those who feel most secure with the status quo, as there are likely to be sudden and irrevocable changes to be dealt with in a positive, creative manner. Even the closest relationships may be threatened — not by circumstances, but by one party's responses to those circumstances. PISCES (Feb. 19-March 5) — You may be tempted to consider different employment this week, but you are cautioned to weigh all pros and cons. Not everyone thinks it's time for a change. (March 6-March 20) — Your concern for a certain personal issue is likely to be overshadowed this week by a development that affects far more than you alone. Be cooperative with others. ARIES (March 21-April 4) — You're able to accept greater responsibilities this week, but don't agree to so much that your own needs will get lost in the shuffle. (April 5-April 19) — A warning you receive early in the week needn't be taken so seriously that you stop doing what you are bound to do. Tend to it in proportion to its governing issue. TAURUS (April 20-May 5) — The pace is sure to quicken this week, whether or not you're ready. Readiness depends, of course, on a willingness and ability to pivot on short notice. (May 6-May 20) — You may come face to face this week with someone who is diametrically opposed to you in almost all ways. Guard against knee-jerk reactions; engage in daily assessments. GEMINI (May 21-June 6) — Can you keep more balls in the air this week than you did last week? Everything is likely to be “more so” at this time, both personally and professionally. (June 7-June 20) — You will have only a short time to examine a certain issue from a safe distance this week before you find yourself immersed in it completely. Messages may be garbled. CANCER (June 21-July 7) — That which was automatic last week is likely to take a great deal of thought and effort this week — but the lessons learned can last a lifetime. (July 8-July 22) — You'll be dealing with some big issues this week, and others are almost guaranteed to look to you as an example of how not to shy away from the most challenging. LEO (July 23-Aug. 7) — Pressure increases this week on all fronts, but if you prioritize, you can be sure that all is manageable whenever you're dealing with it on your own. (Aug. 8-Aug. 22) — Certain decisions may be more difficult to make than anticipated, because you have neglected to consider certain key

factors. This error can be reversed. VIRGO (Aug. 23-Sept. 7) — Making sure that everyone involved in your private or business affairs are on the same page will be a top priority this week. All must surely agree! (Sept. 8-Sept. 22) — Someone who doesn't play by the rules is likely to affect your progress in significant ways this week — but not all of them will be negative. A surprise is in store. LIBRA (Sept. 23-Oct. 7) — Once you decide that you can accept as true more than you have proposed your week will be on the upswing. A variety of ideas is essential to your success. (Oct. 8-Oct. 22) — Input from those who have been there before will be quite important to you this week, and more so with each passing day — but be sure that all information is current. SCORPIO (Oct. 23-Nov. 7) — You will have to do more to protect yourself this week than usual, as you may be far more sensitive than usual. You'll soon know the reasons for this. (Nov. 8-Nov. 21) — You know what others want from you, but are you willing to put in the effort required to provide it? You may wish, instead, to focus on something you know you need. SAGITTARIUS (Nov. 22-Dec. 7) — Take care that you aren't led down the primrose path by someone who is taking advantage of your willingness to believe in the experts. (Dec. 8-Dec. 21) — You're likely to receive warnings from yourself this week even as you try to expand your reach into a few new areas. Listen to yourself, and avoid certain pitfalls. CAPRICORN (Dec. 22-Jan. 6) — You are eager to understand why a recent development didn't benefit you as you had hoped. Study the activities of others this week for the answers. (Jan. 7-Jan. 19) — You're eager to get yourself out of a situation that someone else got you in, but you're not likely to be rescued by anyone but yourself. Timing is a key factor. AQUARIUS (Jan. 20-Feb. 3) — No matter how fast you move this week, there will be at least one competitor who stays with you. You must put up with this for a while. (Feb. 4-Feb. 18) — You will want to keep close track of all occasions that deprive you of the opportunity for personal growth. These are situations to remedy or avoid in the future.
